Re: Resort Spa Showerheads

Dear Mr. Engel:

I am pleased to inform you of our satisfaction in retrofitting our 5000 plus rooms with the Resort Spa Showerhead. Since the installation of these shower heads, guest complaints regarding the lack of water pressure have significantly reduced. We have also seen a notable decrease in water usage.

Should you require any additional information, please do not hesitate to call me at 891-7500.

Sincerely,

Fritz Brunner
VP Property Maintenance
